

## Employment Separation Notice

You are required to notify Palco of separation of employment. Failure to notify us of such events increases the chances of fraudulent claims filed on your behalf, which could present penalties under the U.S. False Claims Act, as well as potentially impact the participant's benefits.

Complete this form if the worker named in this document no longer provides services under the employer. Submit to Palco within 24 hours of separation. This form must be completed to the best of your ability to enable Palco to comply with important state employment laws on your behalf.
