Friday, 4/12/24	First Pay Day with Palco.	Dates of service 3/18-3/31.

#### **OVERVIEW**

Palco, Inc. is excited to be the new
Financial Management Agency
(FMA) for the WV Waiver Personal
Options program starting in April
2024. Until the transition is
complete, Participants and Workers
will continue to work with Public
Partnerships, LLC (PPL). Palco is an
industry leader in financial
management services who have
been working with several programs
like Personal Options all across the
country for over 25 years.

It is our goal during this transition to make sure you have no interruption in services and that we maintain existing processes as much as possible. All Participants/Program Representatives and Workers must complete 4 tasks:

- 1. Submit your email address to Palco (here)
- 2. Complete your Enrollment once you get a link from Palco.
- 3. Register for EVV (during enrollment) unless you are exempt.
- 4. Attend a Training

WWW.PALCOFIRST.COM PALCO FAQ WV| PAGE 1

#### When will I get my link to enroll?

Palco will send out individual links the week of 2/26 to everyone who has provided their email address. These links will allow you to complete your enrollment online. New links will be sent out daily, beginning in March, to everyone who submits their email to Palco.

## Will I have the same Resource Consultant with Palco?

Palco is in the process of hiring Resource Consultants (RC) who will be able to support you every step of the way. We are hiring many of the same staff from PPL that you have worked with for years and we hope to keep caseloads the same or similar. You will receive contact from your assigned RC soon.

#### If I was using paper timesheets before, can I still use paper now?

Yes. You can find the Palco paper timesheet on the website. However, we recommend you use Connect instead of paper for quicker processing and visibility.

#### How do I find my Palco ID?

Palco mailed out welcome letters to all participants / program representatives.
These letters included the participant's Palco ID and IDs for each associated worker.

# If I'm a legal guardian and a caregiver, can I review and approve my own time sheet?

No. You cannot sign your own timesheet.

## When should I expect my letter?

Letters were mailed to the participants / program representatives the week of 2/19. Please allow enough time for them to arrive. For a generic copy of the Welcome Letter, visit the Palco West Virginia website.

## Who can help with enrollment packet questions?

If you have questions regarding the forms, your RC will be contacting you in the next few weeks to help. It is important you submit the forms right away to prevent any payment delays.

#### Are there training videos available?

Yes. There are a variety of videos available here:
<a href="https://www.gotostage.com/cha">https://www.gotostage.com/cha</a>
<a href="mailto:nnel/palcotraining">nnel/palcotraining</a>

West Virginia specific videos will be added soon!

## What trainings will workers be required to have with Palco?

All training requirements such as CPR, First Aid, and Annual Training Hours will be the same with Palco. The forms will be posted in the next few weeks.

### Do I need to give Palco my direct deposit info?

Workers will provide their direct deposit info during the enrollment.

#### Who is required to use EVV?

Everyone is required to use EVV unless they have an approved live-in exemption. If you were exempt with PPL, you will be exempt with Palco.

#### What is telephony and how does it work?

Telephony or Interactive Voice Recognition (IVR) is a method of EVV used via the participant's touchtone phone.

The worker uses the touchtone phone to call in at the beginning of the shift and call out at the end. Calls are to a toll-free number and voice prompts guide the entire process.

### What is the name of the EVV app?

The EVV app used by Palco is
AuthentiCare. Visit the Palco
website for a Mobile App User
Guide that provides instructions
for downloading and using the app.

#### What if I forget to clock out?

If you forget to clock out, your shift may not import to Connect due to missing data so you will need to manually enter it the next day.

### If I get a new device, do I need to re-register for EVV?

Every device has its own unique device ID. You will need to contact Palco to update your device ID on file if you get a new device at any time.

### Does the employer have to download the app also?

No, the employer will not have a login for the EVV app and will not need to download it unless they are providing their own device for workers to use.

#### Is Connect an app?

No, it is a web based portal. You can access it from your computer, tablet or smart phone browser.

#### When will I see my EVV time in Connect?

Shifts are imported daily for the previous day. Always allow one business day to view your time.

## What happens if there is a mistake with the time entry?

All EVV data will be imported into Connect, Palco's online portal.
Connect is where time can be viewed, edited and approved. If a mistake is made the worker will log into Connect and make the necessary correction.
Please see the Time Entry user guide located on our website for detailed instructions.

#### Can the EVV solution be used in rural areas?

The EVV Solution is designed to work across the state. The mobile application will work without cellular service and can upload information when service is restored or connected to WiFi. The telephony option can be used with any touchtone phone.

#### What if I forget to clock in?

If you forget to clock in, you can manually enter the shift in Connect or adjust your clock in time when the shift imports.
